

## RECORD OF KEY NETWORKING OBJECTIVES

Use this sheet to record your main learning objectives for the networking process using the list of categorised items on the sheet *Potential Outcomes Of The Networking Process*\*. Try to ensure that at least two objectives come from Category A (Self Reflection & Awareness) and at least two from category B (Action Planning). Before you start networking, record your ideas of how you hope to meet these objectives. During the networking process, look at the objectives you set yourself and record any evidence of how you have begun to meet them. Make a note of your plans for continuing to work towards these objectives in future.
