Student contribution approx. £190 which covers flights, 4 day travel pass, B&B in Eurohostel, Entry to Parc Guell, Sagrada Familia, Casa Mia, Mis Van De Rohen Barcellonaa Pavillion, Olympic Park with guided tour and Museum. (Students expected to cover cost of meals the than breakfast)

Course books - approx. £15 per book depending on source

Any travel for paid placements

Year Zero Architectural Venue Design

Included in the fee

USE OF SPECIALIST RESOURCES, FIELDTRIPS

Potential additional costs for mandatory elements of the course

Potential additional costs for optional elements of the course

MSc Sustainable Architecture and Healthy Environments

Included in the fee

Potential additional costs for mandatory elements of the course

Potential additional costs for optional elements of the course

MSc Sustainable Design and Innovation

Included in the fee

Potential additional costs for mandatory elements of the course

Printing £200; Safety Boots £20; Field Trips £30

Potential additional costs for optional elements of the course

Art and Design

3D Animation BA (Hons)

Included in the fee

Any study trips will be included in course fees. Students may be required to use sketchbooks and drawing materials while on study trips and will be required to provide their own.

Reading list is submitted to the BM Library and are should be available through the University Library system.

Participation in University Degree Show and a London Graduate Show.

All software used on the course is available on the University computers in the dedicated Animation Labs.

The programme uses Autodesk Maya as its primary 3D Animation software and this is also available as a free download from Autodesk on signup with Autodesk using University student email address. This will be licensed as a student account and the software is licensed for three years of study. This is not an agreement with the University of Derby.

Autodesk currently license all its software this way and is subject to change beyond the University's control.

Students will also use the Adobe Creative Suite on the Programme. Adobe Creative Suite is available throughout the Markeaton Street Campus and College of Arts.

Potential additional costs for mandatory elements of the course

A4 Sketchbook approx. £10 each

It is advisable that students have a way to store and transport digital files:

External HD approx. £50 - £100 depending on brand and storage capacity.

Throughout the course students will be asked to produce visual mood boards, style sheets and portfolio based images of their Animation work at assessment. There will be a printing cost associated with this for relevant modules. The

exact cost of which will be determined by the student and will depend on size, paper stock and any mounting they choose to use. However, a minimum expectation would be approx. £10-£25 for printing these materials.
 USB Flash Drive approx. £10-£15 depending on brand and storage capacity.
 Cloud storage is available by third parties such as Dropbox or Google drive. These are usually free for the use of approx. 2GB to 10GB of storage space.

Potential additional costs for optional elements of the course

No none curricular trips are currently included. If future events are of specific interest to the 3D Animation programme then we would publish these as extracurricular, none compulsory trips.
 UK Based from approx. £10 - £100 depending on event and distance and from Derby. International (European) approx. £250 - £600 depending on event location.
 Individual accounts for the Adobe Creative Cloud run on a subscription of £15.49 per month (price taken Oct '16) available on the Adobe Website

MSc Conservation Biology

Included in the fee

You will be provided with a laboratory coat and safety glasses as required - £17.95 plus £4. All equipment and consumables needed for your experimental/field work are provided by the university, this is subject to the consumables required being costed by you as part of your course and approval from your programme leader (average cost £100 pp)

Potential additional costs for mandatory elements of the course

"If not already owned, appropriate footwear for field work e.g. Wellington/Walking boots £5 - £50. If not already owned, appropriate outdoor clothing e.g. waterproof jacket/trouser £50 - £100. Two bound copies of Independent Study approx. £12
 Additional field trip costs for optional module Tropical Conservation Biology is £1500/student"

Potential additional costs for optional elements of the course

Professional body accreditation from the Institution of Environmental Science signifies the quality of instruction and leading to associate membership.

Biomedical Health and Human Biology

Msci Biomedical Health

Included in the fee

Laboratory coat - £17.95

Goggles - £4

All equipment and consumables needed for your experimental requirements are provided by the university. This is subject to consumables being costed for the independent study and approved by the tutors - approx. £50 per student

Potential additional costs for mandatory elements of the course

Two bound copies of Independent Study approx. £12 for UG study and 2 bound copies of MSc Independent study approx. £12

Potential additional costs for optional elements of the course

Recommended text book approx. £60

Memberships of Human Biology society (currently £10)

Summer research internships offered on a competitive basis to second year students. Students can also take a work placement credit bearing module at level 6, though students need to find their own work placement. Students may need to undertake a DBS check at a cost of £50 to the student. Travel to work experience - cost vary according to student preference. Previous students have sometimes travelled abroad which would incur a significant cost.

BSc (Hons) Biomedical Health

Included in the fee

Laboratory coat £17.95

Lab Goggles when required £4

All equipment and consumables needed for your experimental requirements are provided by the university. This is subject to consumables being costed for the independent study and approved by the tutors - approx. £50 per student

Potential additional costs for mandatory elements of the course

Two bound copies of Independent Study approx. £12

Potential additional costs for optional elements of the course

Number of core text books at each academic year, but copies can be found in the library. Recommended text book approx. £60. Summer research internships offered on a competitive basis to second year students. Students can also take a work placement credit bearing module at level 6, though students need to find their own work placement. Students may need to undertake a DBS check at a cost of £50 to the student. Travel to work experience - cost vary according to student preference. Previous students have sometimes travelled abroad which would incur a significant cost. Memberships of Human Biology society (currently £10).

BSc (Hons) Human Biology

<i>Included in the fee</i>
Laboratory coat - £17.95 All equipment and consumables needed for your experimental requirements are provided by the university. This is subject to consumables being costed for the independent study and approved by the tutors - approx. £50 per student Lab Goggles when required £4

Computer Games

BSc Computer Games Modelling & Animation

<i>Included in the fee</i>
Study trips - previously EGX Birmingham £12, National Space Centre £11, Harry Potter World £35 Access to software - Autodesk Maya, Substance Suite, Unreal Engine 4 - available for free download at home Access to software - Z Brush and Adobe Creative Cloud via university labs
<i>Potential additional costs for mandatory elements of the course</i>
Wacom PTH-651-ENES Intuos Pro Graphics Tablet - Medium From £229.99 (this is the model recommended by the faculty - others are available) Printing and Binding of Dissertation approx. £12
<i>Potential additional costs for optional elements of the course</i>
Recommended to purchase a portable hard drive £50 -£100

Computer Games Modelling & Animation (Year Zero)

<i>Included in the fee</i>
Industry speakers, specialist computing labs, access to software and equipment, mandatory field trips
<i>Potential additional costs for mandatory elements of the course</i>
Printer consumables (£100 per annum), portable hard drive/memory card (£120), core text books (£250), portfolio case (£40).
<i>Potential additional costs for optional elements of the course</i>
Not required but useful: personal computer (£400) and or tablet computer (£200)

Computer Games Programming (Year Zero)

<i>Included in the fee</i>
Industry speakers, specialist computing labs, access to software and equipment, mandatory field trips
<i>Potential additional costs for mandatory elements of the course</i>
Printer consumables (£100 per annum), portable hard drive/memory card (£120), core text books (£250), portfolio case (£40).
<i>Potential additional costs for optional elements of the course</i>
Not required but useful: personal computer (£400) and or tablet computer (£200)

BSc Computer Games Programming

<i>Included in the fee</i>
Access to free software from major software vendors such as SAS, Microsoft (from £50), Adobe (£15.88/month), Matlab (from £29) and VMWare (from £62) - some are available for student download
<i>Potential additional costs for mandatory elements of the course</i>
Some assignments are required to be submitted on CDROM/DVDROM £1 - £2 Independent Study dissertations are normally submitted electronically, but individual supervisors have the right to request bound copies. In that case, printing and binding expenses are covered by the student approx. £6 per copy
<i>Potential additional costs for optional elements of the course</i>
External hard drive and memory card £50 -£100 Text books from £20 Not required but useful: personal computer and or tablet computer. From £100 upwards depending on specification

Computer Science and IT

BSc (Hons) Information Technology Management for Business

<i>Included in the fee</i>
<i>Potential additional costs for mandatory elements of the course</i>
<i>Potential additional costs for optional elements of the course</i>

BSc (Hons) Information Technology Management for Business with Foundation Year*

<i>Included in the fee</i>
<i>Potential additional costs for mandatory elements of the course</i>
Two company visits per foundation student = £60 per student.
<i>Potential additional costs for optional elements of the course</i>
Two company visits per foundation student = £60 per student.

MSc Digital Forensics and Computer Security

<i>Included in the fee</i>
Industry speakers, specialist computing labs, access to software and equipment
<i>Potential additional costs for mandatory elements of the course</i>
Printer consumables (£100 per annum), portable hard drive/memory card (£120), core text books (£250), portfolio case (£40).
<i>Potential additional costs for optional elements of the course</i>
Not required but useful: personal computer (£400) and or tablet computer (£200)

MSc Cyber Security

<i>Included in the fee</i>
Industry speakers, specialist computing labs, access to software and equipment
<i>Potential additional costs for mandatory elements of the course</i>
Printer consumables (£100 per annum), portable hard drive/memory card (£120), core text books (£250), portfolio case (£40).
<i>Potential additional costs for optional elements of the course</i>
Not required but useful: personal computer (£400) and or tablet computer (£200)

MSc Advanced Computer Networks

<i>Included in the fee</i>
Industry speakers, specialist computing labs, access to software and equipment
<i>Potential additional costs for mandatory elements of the course</i>
Printer consumables (£100 per annum), portable hard drive/memory card (£120), core text books (£250), portfolio case (£40).
<i>Potential additional costs for optional elements of the course</i>
Not required but useful: personal computer (£400) and or tablet computer (£200)

MSc Information Technology

<i>Included in the fee</i>
Industry speakers, specialist computing labs, access to software and equipment
<i>Potential additional costs for mandatory elements of the course</i>
Printer consumables (£100 per annum), portable hard drive/memory card (£120), core text books (£250), portfolio case (£40).
<i>Potential additional costs for optional elements of the course</i>
Not required but useful: personal computer (£400) and or tablet computer (£200)

MSc Mobile App Development

<i>Included in the fee</i>
Industry speakers, specialist computing labs, access to software and equipment
<i>Potential additional costs for mandatory elements of the course</i>
Printer consumables (£100 per annum), portable hard drive/memory card (£120), core text books (£250), portfolio case (£40).
<i>Potential additional costs for optional elements of the course</i>
Not required but useful: personal computer (£400) and or tablet computer (£200)

MSc Big Data Analytics

<i>Included in the fee</i>
Industry speakers, specialist computing labs, access to software and equipment
<i>Potential additional costs for mandatory elements of the course</i>
Printer consumables (£100 per annum), portable hard drive/memory card (£120), core text books (£250), portfolio case (£40).
<i>Potential additional costs for optional elements of the course</i>
Not required but useful: personal computer (£400) and or tablet computer (£200)

BSc Computer Networks and Security

<i>Included in the fee</i>
Access to free software from major software vendors such as SAS, Microsoft (from £50), Adobe (£15.88/month), Matlab (from £29) and VMWare (from £62) - some are available for student download
<i>Potential additional costs for mandatory elements of the course</i>
Some assignments are required to be submitted on CDROM/DVDROM £1 - £2 Independent Study dissertations are normally submitted electronically, but individual supervisors have the right to request bound copies. In that case, printing and binding expenses are covered by the student approx. £6 per copy
<i>Potential additional costs for optional elements of the course</i>
External hard drive and memory card £50 -£100 Text books from £20 Not required but useful: personal computer and or tablet computer. From £100 upwards depending on specification

Computer Network Engineering (Year Zero)

<i>Included in the fee</i>
Industry speakers, specialist computing labs, access to software and equipment, mandatory field trips
<i>Potential additional costs for mandatory elements of the course</i>
Printer consumables (£100 per annum), portable hard drive/memory card (£120), core text books (£250), portfolio case (£40).
<i>Potential additional costs for optional elements of the course</i>
Not required but useful: personal computer (£400) and or tablet computer (£200)

Computer Science (Year Zero)

<i>Included in the fee</i>
Industry speakers, specialist computing labs, access to software and equipment, mandatory field trips
<i>Potential additional costs for mandatory elements of the course</i>
Printer consumables (£100 per annum), portable hard drive/memory card (£120), core text books (£250), portfolio case (£40).
<i>Potential additional costs for optional elements of the course</i>
Not required but useful: personal computer (£400) and or tablet computer (£200)

Computer Forensic Investigation (Year Zero)

<i>Included in the fee</i>
Industry speakers, specialist computing labs, access to software and equipment, mandatory field trips
<i>Potential additional costs for mandatory elements of the course</i>
Printer consumables (£100 per annum), portable hard drive/memory card (£120), core text books (£250), portfolio case

(£40).

Potential additional costs for optional elements of the course

Not required but useful: personal computer (£400) and or tablet computer (£200)

Computer Networks & Security (Year Zero)

Included in the fee

Industry speakers, specialist computing labs, access to software and equipment, mandatory field trips

Potential additional costs for mandatory elements of the course

Printer consumables (£100 per annum), portable hard drive/memory card (£120), core text books (£250), portfolio case (£40).

Potential additional costs for optional elements of the course

Not required but useful: personal computer (£400) and or tablet computer (£200)

Cyber Security (Year Zero)

Included in the fee

Industry speakers, specialist computing labs, access to software and equipment, mandatory field trips

Potential additional costs for mandatory elements of the course

Printer consumables (£100 per annum), portable hard drive/memory card (£120), core text books (£250), portfolio case (£40).

Potential additional costs for optional elements of the course

Not required but useful: personal computer (£400) and or tablet computer (£200)

Data Science (Year Zero)

Included in the fee

Industry speakers, specialist computing labs, access to software and equipment, mandatory field trips

Potential additional costs for mandatory elements of the course

Printer consumables (£100 per annum), portable hard drive/memory card (£120), core text books (£250), portfolio case (£40).

Potential additional costs for optional elements of the course

Not required but useful: personal computer (£400) and or tablet computer (£200)

BSc Computer Forensic Investigation

Included in the fee

Access to free software from major software vendors such as SAS, Microsoft (from £50), Adobe (£15.88/month), Matlab (from £29) and VMWare (from £62) - some are available for student download

Potential additional costs for mandatory elements of the course

Some assignments are required to be submitted on CDROM/DVDROM £1 - £2

Independent Study dissertations are normally submitted electronically, but individual supervisors have the right to request bound copies. In that case, printing and binding expenses are covered by the student approx. £6 per copy

Potential additional costs for optional elements of the course

External hard drive and memory card £50 -£100

Text books from £20

Not required but useful: personal computer and or tablet computer. From £100 upwards depending on specification

BSc Computer Science

Included in the fee

Access to free software from major software vendors such as SAS, Microsoft (from £50), Adobe (£15.88/month), Matlab (from £29) and VMWare (from £62) - some are available for student download

Potential additional costs for mandatory elements of the course

External hard drive and memory card £50 -£100

Text books from £20

Not required but useful: personal computer and or tablet computer. From £100 upwards depending on specification

Beng Computer Network Engineering
Included in the fee

Industry speakers, specialist computing labs, access to software and equipment, mandatory field trips

Potential additional costs for mandatory elements of the course

Printer consumables, non-compulsory field trips, hard drive and memory card, core text books.

Potential additional costs for optional elements of the course

Not required but useful: personal computer and or tablet computer

BSc Computational Physics
Included in the fee

Access to free software from major software vendors such as SAS, Microsoft (from £50), Adobe (£15.88/month), Matlab (from £29) and VMWare (from £62) - some are available for student download

Potential additional costs for mandatory elements of the course

Independent Study dissertations are normally submitted electronically, but individual supervisors have the right to request bound copies. In that case, printing and binding expenses are covered by the student approx. £6 per copy

Potential additional costs for optional elements of the course

Text books from £20

Not required but useful: personal computer and or tablet computer. From £100 upwards depending on specification

Criminology and Policing

BSc (Hons) Criminology

Included in the fee

Certificate of Knowledge in Policing (CKP) accreditation fee (£1000);

Youth Justice Effective Practitioner Certificate (YJEPC) accreditation, textbook and qualification (£600);

International study trips if applicable and appropriate (e.g. The Hague approx. cost £200 per student)

Local trips and visits to criminal justice organisations (e.g. courts, police stations)

DBS checks (if required for research purposes) £50

Potential additional costs for mandatory elements of the course

Printing and binding of one copy of dissertation - approx. £6

Potential additional costs for optional elements of the course

BSc (Hons) Criminology - with Foundation Year

Included in the fee

Certificate of Knowledge in Policing (CKP) accreditation fee (£1000);

Youth Justice Effective Practitioner Certificate (YJEPC) accreditation, textbook and qualification (£600);

International study trips if applicable and appropriate (e.g. The Hague approx. cost £200 per student)

Local trips and visits to criminal justice organisations (e.g. courts, police stations)

DBS checks (if required for research purposes) £50

Potential additional costs for mandatory elements of the course

Printing and binding of one copy of dissertation - approx. £6

Potential additional costs for optional elements of the course

Criminology - Joint Honours

Included in the fee

Certificate of Knowledge in Policing (CKP) accreditation fee (£1000);

Youth Justice Effective Practitioner Certificate (YJEPC) accreditation, textbook and qualification (£600);

International study trips if applicable and appropriate (e.g. The Hague approx. cost £200 per student)

Local trips and visits to criminal justice organisations (e.g. courts, police stations)

DBS checks (if required for research purposes) £50

Potential additional costs for mandatory elements of the course

Printing and binding of one copy of dissertation - approx. £6

Potential additional costs for optional elements of the course

BSc (Hons) Criminal Psychology*

Included in the fee

Certificate of Knowledge in Policing (CKP) accreditation fee (£1000);

Youth Justice Effective Practitioner Certificate (YJEPC) accreditation, textbook and qualification (£600);

International study trips if applicable and appropriate (e.g. The Hague approx. cost £200 per student)

Local trips and visits to criminal justice organisations (e.g. courts, police stations)

DBS checks (if required for research purposes) £50

Potential additional costs for mandatory elements of the course

Printing and binding of one copy of dissertation - approx. £6

Potential additional costs for optional elements of the course

--

BA (Hons) Policing*

<i>Included in the fee</i>
<p>Certificate of Knowledge in Policing (CKP) accreditation fee (£1000); Youth Justice Effective Practitioner Certificate (YJEPC) accreditation, textbook and qualification (£600); (if that module is chosen) International study trips if applicable and appropriate (e.g. The Hague approx. cost £200 per student) Local trips and visits to criminal justice organisations (e.g. police HQ, custody suites) - minimal transport cost When appointed as Special Constable, all uniform (approx. £800 -£1000) and travel expenses to and from police station is provided and up to £50 for purchase of suitable footwear. DBS checks (if required for research purposes) £50</p>
<i>Potential additional costs for mandatory elements of the course</i>
<i>Potential additional costs for optional elements of the course</i>

MSc Police Leadership, Strategy and Organisation

<i>Included in the fee</i>
<p>Enhanced police security vetting conducted by and for Derbyshire Police, where appropriate, for research requirements (approx. £250). Access to the online university library resources and where most of the core texts are available as e-books (approx. £2,000 saved per student in potential student purchase costs) Access to free or reduced rate conferences and seminars throughout the UK relative to the MSc areas of study - approx. £200 Appropriate fieldtrips suitable to modules.</p>
<i>Potential additional costs for mandatory elements of the course</i>
<i>Potential additional costs for optional elements of the course</i>
<p>Many students on the programme hold employment with policing services either within the UK or internationally and most of the project work/dissertations are focused upon real-world issues facing their respective organisations. The MSc programme in this context allows a form of supervised consultancy – driven by employer need and requirements. Access to personal IT – laptops etc. Most students already possess such IT but this is not always the case - where necessary items might need to be purchased - approx. £500</p>

MSc Criminal Investigation

<i>Included in the fee</i>
<i>Potential additional costs for mandatory elements of the course</i>
<i>Potential additional costs for optional elements of the course</i>

Economics and Finance
BA (Hons) International Business and Finance (Top-up)

<i>Included in the fee</i>
<p>Bloomberg data usage within modules. Access to Bloomberg terminals for specified assessments c£55k per year for 16 licences. Bloomberg Market Concepts - No additional Cost Opportunities to enter IBM University Business Challenge, CIMA Global Business Challenge and University Trading Challenge - £1,484 for entry and travel. Free student copies of statistical analysis software SPSS for use in modules. Approx. £60 Some taster events - transport costs covered by college</p>
<i>Potential additional costs for mandatory elements of the course</i>

Potential additional costs for optional elements of the course
Printing Textbooks Some taster events - transport costs Opportunity to apply for CMI student membership Institute of directors student membership

BA (Hons) Economics for Business

Included in the fee
Bloomberg data usage within modules. Access to Bloomberg terminals for specified assessments c£55k per year for 16 licences Bloomberg Market Concepts - No additional Cost Opportunities to enter IBM University Business Challenge, CIMA Global Business Challenge and University Trading Challenge - - £1,484 for entry and travel Free student copies of statistical analysis software SPSS for use in modules. Education Studies and Special Educational Needs and Disabilities

BA (Hons) Education Studies

Included in the fee

A book voucher to the value of £25 per new stage 1 student reviewed on an annual basis.

The initial DBS check. £50

Print credit for 200 black and white copies on a pro-rata basis dependent on student status i.e. whether full-time/part-time students; this is reviewed annually. £10

Any in-class visits(Guest speakers) normally paid a nominal fee of £50

Induction activity e.g. this year, visit to the Quad Cost approx. £5

Potential additional costs for mandatory elements of the course

"Field trips abroad which offer enrichment opportunities and additional academic experience. Field trips abroad which offer enrichment opportunities and additional academic experience. Trips are voluntary.

Poland May 2016, cost approx. £385.-, (5 days 4 nights)

New York May 2017, cost approx. £973.- (7 days, 6 nights)"

Printing costs over and above the 200 black and white copies currently allocated to students on a pro-rata basis dependent on student status i.e. full-time or part-time. (Optional) Students are asked to pay up to the first £5 per day of their travel to placement the university subsidises costs that exceed this amount

Potential additional costs for optional elements of the course

Students are encouraged to find their own placements

Memberships to sports clubs and societies encouraged but not mandatory - £17 for Athletic Union membership plus club fee, £7 for societies card plus society fee

MA Education

Included in the fee

The initial DBS £50 for Full-time students where required.

Print credit for 200 black and white copies on a pro-rata basis dependent on student status i.e. whether full-time/part-time students; this is reviewed annually. £10

Potential additional costs for mandatory elements of the course

Printing and binding of dissertation approx. £6

Students are asked to pay up to the first £5 per day of their travel to placement the university subsidises costs that exceed this amount

Replacement DBS if lost/expired £44

Potential additional costs for optional elements of the course

May choose to buy textbooks, journals, data sticks, stationery Texts.

Optional Educational Trips e.g. to Prague, Morocco and Milan, approx. £400

Memberships to sports clubs and societies encouraged but not mandatory - £17 for Athletic Union membership plus club fee, £7 for societies card plus society fee

BEd

Included in the fee

Stage 1 – professionalism input – unions, (free) Derbyshire Library Services (£250). RE day at the Multi Faith Centre (free).

Stage 2 – EPO, SEN placement, Film company delivering session on film in computing. ASE – opportunities for alternative placements.

Comparative – Yvonne Luce from Global Education – workshops on international learning.

Ed Approaches – speakers from Al Madinah school.

SEN – Faith from communication trust.

TLBC – Sarah Keogh and Georgina Greaves talking about Forest Schools. Practical at Markeaton Park. Visit to Elvaston Castle. Thorntons Factory visit.

Stage 3 – James Hilton on being aware of own well-being. F3s – supply agency fair. Head teachers to talk to students about becoming an NQT as well as ex-students who have just finished their NQT year. IS – Dennis Hayes

Stage 4 – James Hilton on being aware of own well-being, Debs Robison – Inclusion. Supply agency fair. Opportunity to work with Carlyse Infants on their new building. Work with Railway History Education Resources to create a resources for primary schools to use on a visit to the Roundhouse. . Head teachers to talk to students about becoming an NQT as well as ex-students who have just finished their NQT year.

HBV training – Jasvinder Sanghera - reviewed annually (£750)

DBS check £50

Potential additional costs for mandatory elements of the course

Students are asked to pay up to the first £5 per day of their travel to placement the university subsidises costs that exceed this amount

Printing costs over and above the 200 black and white copies currently allocated to students

Replacement DBS if lost £50

1 printed copy of the Independent Study

Potential additional costs for optional elements of the course

Option to study education systems abroad - all costs paid by the student - these will vary depending on the country visited and accommodation chosen

BA Special Educational Needs and Disability

Included in the fee

A book voucher to the value of £25 per new stage 1 student reviewed on an annual basis.

The initial DBS check. £50

Print credit for 200 black and white copies on a pro-rata basis dependent on student status i.e. whether full-time/part-time students; this is reviewed annually. £10

Any in-class visits(Guest speakers) normally paid a nominal fee of £50

Potential additional costs for mandatory elements of the course

"Field trips abroad which offer enrichment opportunities and additional academic experience. Trips are voluntary"

Printing and binding of dissertation approx. £6

Travel to placement (costs over £5 per day).

Replacement DBS if lost/expired £44

Potential additional costs for optional elements of the course

Any textbooks, which individuals would like to purchase. Access to all essential reading and recommended reading is provided through the library. Stage 1 students get a book voucher.

Memberships to sports clubs and societies encouraged but not mandatory - £17 for Athletic Union membership plus club fee, £7 for societies card plus society fee

Engineering: Civil and Construction

FdSc Built Environment (Civil Engineering)

<i>Included in the fee</i>
<i>Potential additional costs for mandatory elements of the course</i>
<i>Potential additional costs for optional elements of the course</i>

BSc (Hons) Design Technology

Included in the fee

Potential additional costs for mandatory elements of the course
£5.00 for small tool kit
Potential additional costs for optional elements of the course

Engineering: Electrical and Electronic

BEng (Hons) Electrical and Electronic Engineering (H600)

Included in the fee
Use of resources such as computer rooms, workshops and laboratories. Student membership of IET (£50). £75 maximum allowance for final year project. Software to install on own devices such as NI suite including Multisim, Ultiboard and Labview and the student version of Matlab. Study trips to places such as power stations, NPL, Mitsubishi etc.
Potential additional costs for mandatory elements of the course
Any cost for final year project over £75 Printing £100
Potential additional costs for optional elements of the course

BEng (Hons) Electrical and Electronic Engineering with Industrial Year (H602)

Included in the fee
Use of resources such as computer rooms, workshops and laboratories. Student membership of IET (£50). £75 maximum allowance for final year project. Software to install on own devices such as NI suite including Multisim, Ultiboard and Labview and the student version of Matlab. Study trips to places such as power stations, NPL, Mitsubishi etc.
Potential additional costs for mandatory elements of the course
Any cost for final year project over £75 Printing £100
Potential additional costs for optional elements of the course

BSc (Hons) Electrical and Electronic Engineering (H548)

Included in the fee
Use of resources such as computer rooms, workshops and laboratories. Student membership of IET (£50). £75 maximum allowance for final year project. Software to install on own devices such as NI suite including Multisim, Ultiboard and Labview and the student version of Matlab. Study trips to places such as power stations, NPL, Mitsubishi etc.
Potential additional costs for mandatory elements of the course
Any cost for final year project over £75 Printing £100
Potential additional costs for optional elements of the course

FdEng Electrical and Electronic Engineering (H603)

Included in the fee
Use of resources such as computer rooms, workshops and laboratories. Student membership of IET (£50).

£75 maximum allowance for final year project.

Software to install on own devices such as NI suite including Multisim, Ultiboard and Labview and the student version of Matlab.

Study trips to places such as power stations, NPL, Mitsubishi etc.

Potential additional costs for mandatory elements of the course

Any cost for final year project over £75

Printing £100

As an accredited course with the Chartered Society of Forensic Science students can pay to become an associate member whilst they are studying.

Mres Forensic Science

Included in the fee

You will be provided in year one with a Laboratory Coat with the University logo the lab coat price for the MRes in Forensic Science is £17.95. All equipment and consumables needed for your experimental work are provided by the University, this is subject to the consumables required being planned and costed by you as part of your course and approval from your programme leader (costs vary between £200 and £350 per student)

Potential additional costs for mandatory elements of the course

You may wish to purchase textbooks or e-books to support your study, though all recommend readings are available in the University library.

Potential additional costs for optional elements of the course

State-of-the-art Forensic Training Facility with seven mock domestic and retail crime scenes, Forensic examination laboratory, Analytical Chemistry laboratories featuring separation and identification instrumentation, osteology and anthropology laboratory, forensic imaging sweet, Entomology laboratory and burial site and Class II containment (molecular) laboratory.

Geography

BSc (Hons) Geography

Included in the fee

Your year 1, 2 & 3 day and residential field trips in prescribed and core modules, including two international trips, previous destinations have included Crete and Morocco. You will be provided with a book pack of essential texts worth approximately £100 at the start of your first year.

Potential additional costs for mandatory elements of the course

You will need to purchase mandatory appropriate clothing and footwear for field trips, total cost starting from £100.

Potential additional costs for optional elements of the course

You may wish to purchase optional maps, textbooks or e-books to support your study, costs for these are dependent on what you choose to purchase but may exceed £50. We have built fantastic links with universities overseas to give you the opportunity to study abroad in the 2nd year. Credit bearing work placement opportunities are embedded. Professional body accreditation from The Institution of Environmental Science (IES)

Geology

BSc (Hons) Geology

Included in the fee

You will be provided with field equipment and maps worth approximately £150. Your day and residential field trips in core and prescribed modules: 1 in Year 1, 3 in year 2, 2 in year 3. Previous destinations have included Tenerife, The Pyrenees, N. Wales and NW Scotland.

Potential additional costs for mandatory elements of the course

You will need to purchase mandatory appropriate clothing and footwear for field trips, total cost starting from £100.

Field mapping as part of the final year independent study incurs a cost for transport and accommodation, this is variable depending on destination but usually amounts to approximately £1000.

Potential additional costs for optional elements of the course

You may wish to purchase optional maps, textbooks or e-books to support your study costs for these are

dependent on what you choose to purchase but may exceed £100.

We have built fantastic links with universities overseas to give you the opportunity to study abroad in the 2nd year. Credit bearing work placement opportunities are embedded in the programme. Professional body accreditation from the Geological Society satisfying the early stage of chartered geologist status.

MSc Contaminated Land and Freshwater Management

Included in the fee

You will be provided with a laboratory coat and safety glasses as required £17.95 plus £4. All equipment and consumables needed for your experimental/field work are provided by the university, this is subject to the consumables required being costed by you as part of your course and approval from your programme leader

Potential additional costs for mandatory elements of the course

Students will need to purchase appropriate clothing and footwear for field trips - approximate £100. Also, you will need to cover travel costs for your placement module/s where you will be working with a host organisation

Potential additional costs for optional elements of the course

MSc Applied Petroleum Geoscience

Included in the fee

Day and residential field trips are currently included in the course fee. In the past day trips, have gone to the Peak District and residential trips to the Yorkshire Coast and Liverpool Bay.

Potential additional costs for mandatory elements of the course

Students are encouraged to participate in industry employability related events to maximise their experience. This year the event was in London. Transport costs were covered but accommodation was at the student's expense (approximate cost £80). Students will need to purchase appropriate clothing and footwear for field trips, approximate costs £100.

Potential additional costs for optional elements of the course

Professional body accreditation from the Geological Society signifies quality of instruction and means that you may be able to reach Chartered Geologist status one year earlier. Associate lecturers active in the petroleum industry ensure course content is directly applicable to employment in that industry.

Mres Biological Science

Included in the fee

You will be provided in year one with a Laboratory Coat with the University logo - £17.95. All equipment and consumables needed for your experimental work are provided by the University, this is subject to the consumables required being planned and costed by you as part of your course and approval from your programme leader (costs vary between £200 and £350 per student)

Potential additional costs for mandatory elements of the course

You may wish to purchase textbooks or e-books to support your study, though all recommend readings are available in the University library. The approximate cost of getting two copies of a project thesis bound is £12.

Potential additional costs for optional elements of the course

Project topics must reflect the expertise of staff within the department so that they can be properly supported. Project topics are usually discussed in detail prior to student applications as part of the interview process to ensure that students can be sure that the project they undertake will be feasible and address novel areas of research.

History

BA (Hons) History

Included in the fee

Study trips (approx. 10 across 3 years of programme)- previous visits have included Imperial war museum, York, Chester, Various Country Houses approx. £10 per visit
 All reading materials available in digital format

Potential additional costs for mandatory elements of the course

Printing and binding of one copy of dissertation - approx. £6

Potential additional costs for optional elements of the course

Purchase of reading materials - approx. £30 per text but cost varies depending on source
