

BSc (Hons) Geography

BSc (Hons) Geography – officially accredited by the Institution of Environmental Sciences

Our BSc (Hons) Geography course is one of only a few geography degrees in the country to be accredited by the Institution of Environmental Sciences (IES)

What does the accreditation mean for you?

- You'll study high quality modules focusing on the global challenges facing society in the 21st century
- Your course is mapped against the skills that employers are looking for, giving you the edge in the global, graduate job market
- The opportunity to become an Associate Member of the Institution upon graduation
- Free student membership of the Institution of Environmental Sciences
- Preferential internship and placement opportunities with the Institution
